SUBJECT: SUBMISSION OF 2001 FINANCIAL STATEMENTS RE: FINANCIAL
ASSURANCE FOR DECOMMISSIONING - GENERAL ATOMICS
(TAC NOS. MB4728 AND MB4729)

Dear Dr. Asmussen:

By letter dated March 29, 2002, General Atomics (GA) submitted to the U.S. Nuclear Regulatory Commission (NRC) the revised financial statements, financial test data, and a special auditor's report and reconciling schedule of General Atomic Technology Corporation (GATC), the parent corporation of GA. These statements were submitted in accordance with a commitment made by GATC as part of an alternate method of compliance, agreed to by NRC, with the financial assurance requirements for decommissioning.

Our review of the information confirmed that GATC does not meet the regulations to provide a parent company guarantee and that the alternate method of compliance remains necessary. Our review also concludes that GA has provided adequate financial assurance pursuant to the conditions of the alternate compliance method agreed to by NRC.

If you have any questions, please call me at 301-415-1127.

Sincerely,

/RA/
