Howard et al,

I have re-done the HTR modul assessment section. My new writeup (all in red) completely replaces the old writeup. There were too many changes to bother with stikeout. I have also made a few minor changes to other sections (all in redline/strikeout). I have not done any editing/commenting on the findings section yet. The file with my revisions is attached.

Howard -- you asked me to do some editing on the findings section and I have not gotten to it. Let me know if you want me to look at the revised findings section.

I'll be back in the office Tuesday but I'll check my e-mail tomorrow.

Amy

Thanks for all your drafts and comments.

Attached is the draft of the full report. I believe I made all the changes you submitted but please check. Also, give some attention to the ordering of the various subjects as this is a first shot.

I would like to receive any comments by noon Monday. I will incorporate them and forward a revised draft, hopefully by end of the day.

I would like to meet tomorrow for a short time after you have had a chance to take a quick look at the full report so that we can jointly discuss any major changes. We have arranged the meeting at 3:30 in T 3C1. Also, if you can, please bring a set of your attachments that I can have to add to the report.

Also, bring any other topics we should discuss as a group.

See you tomorrow.

Howard
