Subject: Draft Trip Report

Yesterday Tom King and Howard agreed that the report would be issued by RES instead of OIP. Also it was agreed that RES (myself) would pickup from Howard the job of coordinating the input and revisions to the evolving report through its issuance.

THANK YOU HOWARD for the hard work to get us to this point in the trip report preparation process.

Attached is the latest version of the report and partial evolving list of enclosures (not the enclosures themselves).

I have spent considerable additional time to integrate edit and polish the report. All technical sections included with some revision - hope for the better.

Please save the two attachments to WordPerfect so you can see the line in line out - at last in the beginning. Give me your comments on your sections and any other parts you wish to comment on. I have incarcerated the reorganization discussed at last weeks meeting. The one important part that still needs to be prepared is the findings section. I have several inputs and am waiting for more. I will send the draft of the findings section as soon as it is complete. I would like your comments by COB Wednesday. The draft trip report needs to be sent to the commission this Friday!

Thanks.

Stu
