

November 14, 1995

Mr. Roger O. Anderson, Director
Licensing and Management Issues
Northern States Power Company
414 Nicollet Mall
Minneapolis, Minnesota 55401

Dear Mr. Anderson:

SUBJECT: PRAIRIE ISLAND NUCLEAR GENERATING PLANT, UNIT NOS. 1 AND 2 - CORRECTION
TO AMENDMENT NOS. 120 AND 113 RE: FIRE PROTECTION AND DETECTION SYSTEMS
(TAC NOS. M89962 AND M89963)

On October 6, 1995, the Commission issued Amendment No. 120 to Facility Operating License No. DPR-42 and Amendment No. 113 to the Facility Operating License No. DPR-60 for the Prairie Island Nuclear Generating Plant, Unit Nos. 1 and 2, respectively. In Amendment No. 113 for Unit 2, pages 3 and 4 of License No. DPR-60 were amended and revised license pages were enclosed for convenience. However, the attachment to Amendment No. 113 listing the effective pages should have listed Unit 2 license page 3a as a page to be removed. The license pages have been retyped and renumbered and the information formerly on page 3a has been incorporated on pages 3 and 4.

Therefore the attachment page to License Amendment No. 113 for Unit 2 should read:

<u>REMOVE</u>	<u>UNIT 2 LICENSE</u>	<u>INSERT</u>
Page 3		Page 3
Page 3a		--
Page 4		Page 4

No changes to the technical specification pages are being made by this correction. We regret any inconvenience this omission may have caused.

Sincerely,

Original signed by

Beth A. Wetzel, Project Manager
Project Directorate III-1
Division of Reactor Projects - III/IV
Office of Nuclear Reactor Regulation
