Dear Mr. Furbush:

By Pacific Gas & Electric Company letter dated June 23, 1982, you requested the following changes to the Diablo Canyon, Unit 1, License No. DPR-76, License Conditions:

Item 1. - 2.c.(5).a and b. - Environmental Qualification (Section 7.8 SER Supplement No. 9):

Extend implementation date from June 30, 1982, to the second refueling outage.

Item 2. - 2.c.(8).1 - Relief & Safety Valve Test Requirements (Section 11.D.1):

Extend implementation date from July 1, 1982, to September 30, 1982.

We acknowledge the receipt of the above two requested changes to License No. DPR-76. In regard to Item 1. above, the Commission has extended the implementation date for this item as noted in the Federal Register, page 28363, dated June 30, 1982, a copy of which was transmitted to you on July 9, 1982. We will inform you at a later date of the exact implementation dates for both Items 1. and 2.

Sincerely,
