Dear Mr. Shiffer:

SUBJECT: EMERGENCY TECHNIAL SPECIFICATION AUTHORIZATION  
(TAC NO. 66541)

This confirms our oral authorization given today for a one-time change to the technical specifications for Diablo Canyon Unit 1. The change permits the surveillance requirement for exercising turbine valves (TS 4.3.4.1.2.a. and b.) to be deferred until Unit 2 returns to power operation but not later than January 26, 1988. The change is in response to your application dated November 8, 1987.

A conforming amendment will be issued in the near future.

Sincerely,

original signed by

Gary M. Holahan, Assistant Director  
for Regions III and V  
Division of Reactor Projects - III,  
IV, V and Special Projects
