Mr. Lawrence E. Nanney, Director  
Tennessee Division of Radiological Health  
3rd Floor, L&C Annex  
401 Church Street  
Nashville, TN 37243-1532

SUBJECT: PARTICIPATION IN DECOMMISSIONING GUIDANCE CONSOLIDATION

Dear Mr. Nanney:

On behalf of the U.S. Nuclear Regulatory Commission (NRC), I want to express my appreciation for Mr. Robert Young's contribution to our guidance consolidation effort.

As you know, the NRC is engaged in a project to consolidate our guidance documents into a small number of readily available volumes that will enable staff, licensees, and other stakeholders to more easily reference and apply our decommissioning regulations. Mr. Young has been working with me and other NRC personnel to consolidate NRC guidance on financial assurance. His experience with Agreement State issues and practical day-to-day interactions with licensees provided us with valuable insights for organizing our regulatory guidance into more useful forms. He consolidated our guidance on Bankruptcy. In addition, his familiarity with various computer word processing techniques enabled us to send him files via e-mail so he could continue to help us reorganize the guidance when he returned to Nashville.

Traditionally, thanks are extended to team members when a project is completed. However, due to the length of this project, I didn't want to wait that long to let you know that Mr. Young's participation is productive.

Please extend my thanks and appreciation to Robert. And thank you for committing a significant amount of his time to our project.

Sincerely,

**/RA/**

Thomas L. Fredrichs, Project Manager  
Decommissioning Branch  
Division of Waste Management  
Office of Nuclear Material Safety  
and Safeguards
