SUBJECT: MAINTENANCE OF REFERENCE MATERIAL FOR THE VIRGIL C. SUMMER
NUCLEAR STATION (V. C. SUMMER) LICENSE RENEWAL APPLICATION AT
THE THOMAS COOPER LIBRARY

Dear Mr. Suddeth:

This letter is to confirm our telephone conversation on August 12, 2002, concerning the maintenance of relevant documents by your library. These documents are related to the U.S. Nuclear Regulatory Commission (NRC) staff's review of the application by South Carolina Electric and Gas Company (SCANA) for license renewal of V. C. Summer for an additional 20 years. Over the 24-month period of the review, the volume of documents and related correspondence is expected to fill about one 3-foot shelf.

Enclosed is a paper copy of the Environmental Report and application for license renewal with accompanying CD ROM. An electronic version is also available at the NRC's Public Electronic Reading Room, accessible through the NRC Home Page (<http://www.nrc.gov>).

We appreciate your willingness to assist the public in participating in the license renewal process. We will place the Thomas Cooper Library on our distribution list for documents and notices related to the SCANA application for license renewal of V. C. Summer.

Thank you for your cooperation. If you have any questions, you can reach me by telephone at (301) 415-1124 or by e-mail at GXS@nrc.gov.

Sincerely,

/RA/
