The purpose of this modification is to increase the delivery order ceiling by \$172,396.60 to add maintenance support to CLIN No. 13 and CLIN No. 26. Under CLIN No. 13, additional maintenance effort in the amount of 3,000 OAO staff hours is added to support the NRR/DRPM/REXB application systems. The level of effort required to support these systems is greater than that originally estimated at placement of the order due to unanticipated maintenance activities which were performed in support of the CLIN, such as the Folios version 4.2 upgrade. Under CLIN No. 26, additional maintenance effort in the amount of 48 OAO staff hours is added to support conversion of TAC numbers to accommodate STARFIRE/HRMS and for modifications to the SQL. The ceiling under CLIN No. 13 will be increased by \$159,478.96 and the ceiling under CLIN No. 26 will be increased by \$12,917.64. Accordingly, this order is hereby modified as follows:

Under Section F.8, Consideration and Obligation, the first paragraph is deleted and replaced with the following:

"The total estimated amount (ceiling) of this order is \$13,814,579.62."

A revised version of Price Schedule pages 1-33, and SOW page 242 are contained in Attachment 1 to this modification and hereby replace the corresponding pages in the order.

All other terms and conditions of this order remain unchanged.

This modification does not obligate funds.
