SECTION 3
FITNESS FOR DUTY PROGRAM
PERFORMANCE DATA

- 1) The Fermi 2 annualized testing rate in the Random Test Program for this reporting period was 59 percent (average pool size was 1469, total tested was 430). All individuals reporting to the Fermi Energy Center are in the Random Testing Program.
- 2) Detroit Edison does not have an on-site testing facility but transports specimens to a laboratory certified by the Department of Health and Human Services.

REPORTS MADE UNDER 10CFR26.73

There were no reports made under 10CFR26.73.

TESTING RESULTS

There were two individuals who tested positive for the six-month period ending June 30, 2002. The positive tests were categorized as follows:

Pre-Access Testing

Two contract employees tested positive. One tested positive for marijuana and one tested positive for alcohol. Both individuals were denied access.

For-Cause Testing

There were no positive tests in this category during this six-month period.

Random Testing

There were no positive tests in this category during this six-month period.

Follow-Up Testing

There were no positive tests in this category during this six-month period.

SUMMARY OF MANAGEMENT ACTIONS

There was one appeal received during this six-month period. The appeal is still in the review process and has not been ruled upon.

There were no Condition Assessment Resolution Documents (CARDs) written identifying deficiencies in the Fitness For Duty Program during this six-month period.
