Dr. Robert C. Mecredy
Vice President, Nuclear Operations
Rochester Gas and Electric Corporation
89 East Avenue
Rochester, NY 14649

SUBJECT: R. E. GINNA NUCLEAR POWER PLANT- REPLY TO RESPONSE TO ORDER
FOR INTERIM SAFEGUARDS AND SECURITY COMPENSATORY
MEASURES (TAC NO. MB4131)

Dear Dr. Mecredy:

On February 25, 2002, the U.S. Nuclear Regulatory Commission (NRC) issued Orders modifying the operating licenses for the R. E. Ginna Nuclear Power Plant to require compliance with the specified interim safeguards and security compensatory measures.

The NRC staff's letter of May 22, 2002, addressed your earlier response to the Orders and granted, in response to your request, an extension of time until June 4, 2002, for your submission of the required response for ICM B.2.a(1&2) and B.2.b.

The NRC staff has reviewed your response to ICM B.2.a(1&2) and B.2.b, submitted by your letter of June 4, 2002, and finds that you have satisfied the current reporting requirements of the Order.

The NRC will determine the effectiveness of your implementation of the ICMs through on-site inspections. I would like to remind you that, pursuant to Section III.C.2 of the Order, you are to report to the Commission when you have achieved full compliance with the requirements described in Attachment 2 to the Order.

Please contact Robert Clark at (301) 415-2297 if you have any other questions on these issues.

Sincerely,

/RA by SRichards for/

John A. Zwolinski, Director
Division of Licensing Project Management
Office of Nuclear Reactor Regulation
