**Subject:** Fwd: Finite Element Gap Analysis of Davis-Besse CRDM Penetrations

> NRR

The attached email is the first of two emails forwarding calculations from the Davis-Besse licensee concerning their response to Bulletin 2001-01. The licensee intends to formally submit this information on the docket later this week.

As most of you know, there will not be a meeting with the licensee this Wednesday as I previously indicated. Let's tentatively plan on meeting with the licensee next Wednesday, October 24.
