Subject: Products needed

we need to draft a "C" note that discusses current status of plants that we may issue orders to. A paragraph each.....

We need to write a memo to Commission from Sam (I think) through Travers to Commission transmitting the Orders...by November 2

-- We need to finish Order by November 2

We need to engage NEI on distribution of Technical justification Jack's staff will be forwarding to ACRS on November 2

We need to write memo to ACRS or Jack's signature transmitting report by November 2

Work with Jake to get these done well ahead of time.....Technical piece and Orders for Davis Besse, Surry 2, D C Cook, Robinson all need to be drafted....i would think we could blast through those quickly..

Timeline of next steps

Good Luck....The great thing about Projects is we get the opportunity to perform at high level with a moderate amount of pressure.....Keep up the good work....Brian will be out Thursday but in Friday....we will want to brief him on progress etc.....thx...Z
