The products John is referring to were discussed in his e-mail of 10/25/01 (I believe you were cc'd). I spoke to Andrea Lee yesterday regarding these issues and, based on that conversation, I have the following input (we have been working on most of these products for the last few weeks):

- (1) Draft "C" note: I have not drafted yet. I know you drafted the last one and thought you could draft another the week of 10/29/01.
- (2) Memo to Commission transmitting orders. I drafted the bones of the notice of significant licensing action (NSLA) and I sent to you via e-mail. It needs some work. The orders would be attached (I also e-mailed to you the draft orders for 4 plants: Robinson, Davis-Besse, Surry 2, and DC Cook).
- (3) Complete plant-specific orders. We have a draft for all 4 but need some info from EMCB to "beef up" the technical reason for issuing orders. I e-mailed the orders to you and Allen today. NOTE: Mitzi Young stated that she will not be available the week of 10/29 and that, if we need OGC's assistance in reviewing the orders, we should contact her supervisor Dennis Dambly. She also stated that Jenny Longo is somewhat familiar with this issue.
- (4) Write memo to ACRS re: technical evaluation. The technical evaluation has not been completed yet. This should be relatively easy to do (once the technical justification is completed) as I assume such a memo has been completed for the other ACRS presentations.
- (5) Revise schedule. I generated a new Microsoft Project schedule (that indicated finishing plant-specific orders finalized by 11/2 and subsequent issuance of orders by on or about 11/19) and gave it to John on Thursday, 10/25/01. I also e-mailed to you today.

John recommended a meeting at 1 on Monday to discuss these products. I think we have everything under control (although the orders need some work) but I would ask all persons cc'd on this e-mail to standby for a possible meeting at 1 pm on Monday, 10/29/01, to discuss (Jake will forward location, if necessary).

Thanks.

Larry

P.S. I will be out on Monday and will return on Tuesday (I have given my phone number to Jake in case you need to reach me).
