Yes, we can do without until then. The agendas were attached, so I'm not sure what happened to your email, but here they are again.

Jake,

I have a cholesterol test at 8 am and will need to eat immediately after. Can you do without me or schedule for 9?

Also, no agendas were attached to your e-mail, although it said they were. Am I expected to provide any slides?

Steve

I have scheduled a pre-meeting for Thursday, November 8, 2001, at 8:00 a.m., in O-10B4, to do a dry-run of the presentations for the 11/8 Meeting with industry on the Staff's Technical Assessment of VHP Cracking and 11/9 ACRS Meeting. The proposed agendas are attached.

Presenters, please forward you slides to me by noon, Wednesday, November 7, 2001, so that I can put them all together into one package and email out for comments by COB, Wednesday, November 7, 2001. I will then finalize the package for discussion during the pre-meeting on Thursday, November 8, 2001.

Please forward me any comments (topics/time/presenter/additions/deletions) you have on the agenda for the November 8th meeting. The ACRS agenda is pretty much locked in.

Thanks,
Jake Zimmerman, Lead PM Bulletin 2001-01
