OK. I am reading through your changes now. I will come to your office in about 15 - 20 minutes.

Larry,

both Bill Bateman and I are in the office now. I expect to be here a few more hours - let's touch base in a little while to see where you are with the order.

Jack

P.S. thx for coming in on the weekend.

I will check on the name, but that is what the PM and Licensing Assistant sent me (and they have also reviewed the document).

Larry,

From Davis-Besse submittals, I think that the legal plant name is "Davis-Besse Nuclear Power Station," without a unit number.
