Jake,

I know that Stacy requested a copy of the order last week Friday when Brian, John Z. and I briefed Bill Kane on the status of the CRDM issue. I suspect we will need to provide here a copy; however, I think this should be done through the ET.

Jack

Stacey Rosenberg, EDO Staff, has requested a copy of our latest version of the proposed orders related to Bulletin 2001-01 for the EDO. Are we sharing the order with others outside NRR at this point? What level of management permission is needed to forward a copy?

Please advise.
Jake
