**Subject:** CRDM DOCUMENTS

fyi - I spoke to Brian at about 3:00 on Sunday afternoon. He said that he could not access documents via e-mail from home, but that his afternoon/evening is already filled reading a power uprate SER (about 3/4 inches thick). I left a copy of the order on his desk. He said he'd look through the order first thing when he gets in Monday morning.

thx,

Jack
