Subject: BULLETIN 2001-01 PUBLIC MEETINGS ON 10/24/01

I have been informed that the Nuclear Regulatory Commission (NRC) public website has been experiencing problems. In attempt to keep external stakeholders informed of issues surrounding Bulletin 2001-01, "Circumferential Cracking of Reactor Pressure Vessel Head Penetration Nozzles," I am forwarding 2 notices (attached) for public meetings that are scheduled to be held on Wednesday, 10/24/01. These notices are also available via the NRC's Agencywide Documents Access and Management System (ADAMS).

Jacob Zimmerman, the lead project manager for this issue, will be out of the office until Monday, October 29, 2001. You may contact me if you have and questions or comments regarding this issue.

Thank You.
