Subject: Re: CRDMs - Davis Besse

The purpose of the meeting with DC Cook is to continue discussions regarding their desire to operate until January 19, 2002. They believe that the the time they were shut down (almost 3 years) helps in justifying running past 12/31/01 to the January date. In addition to the quasi technical meeting on CRDMs, the licensee is bringing in additional managers to introduce their NEW management team to the NRC.....Z

>>> John Stang 11/15/01 08:14AM >>>

Scott Greenlee talk to Jack last week about D. C. Cook Unit 2 being within the bounds of the NRC criteria presented at last weeks CRDM meeting, because they were shutdown for 3 years. The meeting on 11/20/01 will be to discuss this issue.

>>> John Zwolinski 11/15/01 08:04AM >>>

John Stang....what is exact purpose of this meeting.....CRDMs and extension of 19 days or to introduce new management team.....or Both.....Z

>>> Brian Sheron 11/14/01 12:41PM >>>

Yes I plan on attending. However, when are they sending it in? We need time to review it before we meet with them.

>>> John Stang 11/14/01 11:25AM >>>

Brian the licensee is now planning to take credit for the 3 years of down time for Unit 2 (9/97-6/00). They are currently working on a supplement to their November 05, 2001, letter that the Technical Staff is currently reviewing.

I have tentatively scheduled a meeting with D. C. Cook to discuss this issue. The meeting is scheduled for 9:00a.m. on November 20, 2001. Potentially in attendance from the licensee will be Chris Bakken the Site VP and Mike Rencheck the Engineering VP. Please let me know if you will be attending the meeting.

Thanks John Stang

>>> Brian Sheron 11/14/01 09:32AM >>>

My understanding is that Cook wants to somehow get credit for being down 3 years, and, according to a recent e-mail from Jack Strosnider, their current submittal doesn't account for the 3 year shutdown. Is the licensee planning on sending in revised information to account for the 3 year shutdown or not? If so, when will we receive it? And should we notice a meeting now as a placeholder for a future meeting?

>>> John Stang 11/14/01 09:22AM >>>

Brian no meetings have been scheduled at this time with D. C. Cook. The Technical Staff is continuing their review of the licensee's supplement information concerning the CRDMs.

>>> Brian Sheron 11/14/01 08:47AM >>>

DC Cook, not Davis Besse.

>>> Kevin Johnson 11/14/01 08:41AM >>>

Brian Sheron would like to know are there any upcoming meetings scheduled with Davis Besse on CRDMs.
