Larry -

Thanks for all the support and keeping us up-to-date on this issue. I see you spent another evening at the office.

Deanna,

Thanks for the quick turnaround for placing this document in ADAMS. The subject document (ADAMS Accession No. ML013390021) is the letter that was sent to FENOC, dated 12/4/01, re: Davis-Besse's responses to Bulletin 2001-01 and the proposal to shutdown on 2/16/01 and perform VHP nozzle inspections.

Document has been added to ADAMS, profiled and sent to DPC for immediate release.
