We have a meeting on Alloy 600 issues with the industry scheduled for Tuesday afternoon. I am personally unavailable in the afternoon (after 2 PM) on Wednesday - otherwise Wednesday morning fits my schedule.

To All,

Davis Besse has requested a working meeting to discuss CRDM nozzle cracking on Wednesday, November 28. I need to let the licensee know if we can support the Wednesday date and what time. Please let me know as soon as possible so I can inform the licensee if we can not support the meeting on that date and/or which date would be suitable.

Thanks,
Stephen Sands, Davis-Besse PM
