The meeting has been changed to 4:00 today. I have reserved a larger room for the meeting (O-9B4). The goal is to discuss the technical merits of the licensee's recent submittal (this is being put on the docket) and to prepare for the meeting scheduled for tomorrow.

Larry.

Farouk, who is acting for JAck, has asked me to schedule a meeting to discuss the draft submittal sent by Davis Besse in response to our telecon yesterday. He is available after 3:00. I have scheduled room O-9B2 from 3:00 to 4:30. Please let me know your availability.

Thanks,
Stephen Sands (Davis-Besse PM)
