Subject: EDO memo and Davis Besse Order

Mitzi: Larry Burkhart came by about 10:30 am with a concurrence package containing an EDO Memo regarding DC Cook and Davis Besse Orders, and the Davis Beese Order.

Mr. Burkhart advises that this package contains all the comments which you two agreed upon as of last night. I asked him to give me the comments of Larry Chandler that had not yet been incorporated as of last night, specifically Chandler's comments regarding Section IV. I also asked Burkhart to identify all material that has been added since you saw the order last night.

Mr. Burkhart says Brian Sheron would like OGC's concurrence no later than the morning of Friday, November 9. I will review the EDO memo, and the Order to make sure that Larry Chandler's Section IV comments are included. I will leave the package in your mail box so that you can look at it first thing on Friday morning to ensure that in fact the order is consistent with what you have agreed to, both for yourself and in response to comments of Larry Chandler made before last night.

Mr. Burkahrt will be out on Friday, so the contact is Jake Zimmerman.
