Subject: CRDM ORDERS DRAFT PRESS RELEASE

Larry: I am dropping off a copy of a draft press release prepared in the event that we have to issue one next week. Because of the holiday tomorrow and light staffing Friday, I need to move this along in the concurrence process. Please review for technical accuracy, suggest changes, initial and pass it on to Elinor Adensam and Jack Strosnider for their review and initials. Please return to me by close of business **today**. I will then give it to Brian Sheron of the NRR/ET for his review.
