**Subject:** Re: CRDM briefing

Thanks. I talked with Sam, and he will be coming with us. Therefore, you can tell Mr. Cates that the people coming down will be Sam Collins, Director, NRR, Brian Sheron, Associate Director for Project Licensing and Technical Analysis, NRR, and Jack Strosnider, Director, Division of Engineering in NRR.

Also, Sam wanted to know if Mr. Cates wanted a briefing on any other subjects or issues while we are down there. Can you find out and let us know? Thx.

I've confirmed with Dwight Cates of the House Energy & Commerce Committee a briefing on the CRDM issue on Wed, 1/9 at 10:30 in 316 Ford House Office Bldg. He's scheduling 1 to 1/12 hours for the briefing.

**CC:** Jack Strosnider
