SUBJECT: MEETING SUMMARY- PLANS FOR AN INDEPENDENT SPENT FUEL  
STORAGE INSTALLATION AT THE SEQUOYAH NUCLEAR PLANT - 50-327,  
AND 50-328

Dear Mr. Scalice:

This letter refers to the open meeting at the NRC Region II Office in Atlanta, Georgia on August 20, 2002, during which your staff discussed plans for the dry storage of spent fuel at the Sequoyah Nuclear facility. The meeting was beneficial and provided the NRC with an understanding of the project schedule so that adequate resources could be more effectively scheduled to conduct pre-operational inspection activities.

The names of attendees at the meeting are enclosed.

In accordance with 10 CFR 2.790 of NRC's "Rules of Practice," a copy of this letter and its enclosures will be available electronically for public inspection in NRC's Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC web site at <http://www.nrc.gov/reading-rm/ADAMS.html> (the Public Electronic Reading Room).

Should you have any questions concerning this meeting, please contact me at 404-562-4711.

Sincerely,
