Subject: Transmittal of Reference Letter Report  
FIN A0297

Reference: "Potential Erosion at the Yucca Mountain Nuclear Waste Site,"  
by C. Rus Purcell (September 1986). 31pp.

Dear Mr. Blackford:

This is to transmit the reference letter report in its final form. The report was issued as a draft report in September, 1986; we have since then received many favorable comments from readers. In fact, this draft report was referenced in the NRC comments "Draft Point Papers, dated 7 March 1988" on a technical review of the Consultation Draft Site Characterization Plan (CDSCP) for the Yucca Mountain Nevada Site.

If you have any questions, please let us know.

Sincerely yours,

Dae H. (Danny) Chung  
Program Manager
