SUBJECT: PILGRIM NUCLEAR POWER STATION - REPLY TO RESPONSE TO ORDER
FOR INTERIM SAFEGUARDS AND SECURITY COMPENSATORY
MEASURES (TAC NO. MB4164)

Dear Mr. Bellamy:

On February 25, 2002, the U.S. Nuclear Regulatory Commission (NRC) issued Orders modifying the operating license for the Pilgrim Nuclear Power Station (Pilgrim) to require compliance with the specified interim safeguards and security compensatory measures.

The NRC staff's letter of June 14, 2002, addressed your earlier response to the Orders and granted, in response to your request, an extension of time until June 14, 2002, for your submission of the required response for interim compensatory measures (ICMs) B.2.a.(1), B.2.a(2), and B.2.b.

The NRC staff has reviewed your response to ICMs B.2.a.(1), B.2.a(2), and B.2.b, submitted in two letters dated June 12, 2002 (Letter Number 2.02.054 and 2.02.058) and finds that you have satisfied the current reporting requirements of the Order.

The NRC will determine the effectiveness of your implementation of the ICMs through on-site inspections. I would like to remind you that, pursuant to Section III.C.2 of the Order, you are to report to the Commission when you have achieved full compliance with the requirements described in Attachment 2 to the Order.

Please contact Travis Tate at (301) 415-8474 if you have any other questions on these issues.

Sincerely,

/RA/

John A. Zwolinski, Director
Division of Licensing Project Management
Office of Nuclear Reactor Regulation
