

September 12, 2002

Mr. Clinton Eldridge, Chairman
ANSI/ANS 3.2 Committee
Technical and Ecological Services
3400 Crow Canyon Road
San Ramon, CA 94583

Dear Mr. Eldridge:

I wish to inform you that Mr. Richard Correia is resigning as a member of the ANSI/ANS 3.2 Committee on Administrative Controls and Quality Assurance for the Operational Phase of Nuclear Power Plants. Mr. Correia's resignation is made necessary by his reassignment to another position within NRC, in which developing codes and standards is not a functional responsibility.

I would like to nominate Mr. Kenneth Heck as the authorized NRC representative on the committee. Mr. Heck has been involved for 15 years in the oversight of nuclear quality assurance programs. Mr. Heck's PF-1 form is enclosed. It is requested that you process Mr. Correia's resignation and Mr. Heck's nomination at the same time.

In accordance with OMB Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," February 19, 1998, the participation on a committee of an authorized NRC representative does not connote agency agreement with, or endorsement of, decisions reached by the committee, or of standards approved and published as a result of the committee's efforts. Agency representatives participating on standards developing groups will, to the extent possible, ascertain the views of the agency on matters of interest and will express views that are consistent with established agency views.

Correspondence to Mr. Heck should be addressed to:

U.S. Nuclear Regulatory Commission
ATTN: Mr. Kenneth C. Heck
M/S O- 6F2
Washington, D.C. 20555
voice: 301-415-2682
fax: 301-415-2222
