

January 23, 1990

Docket No. 50-142

MEMORANDUM FOR: Lemonine J. Cunningham, Chief
Radiation Protection Branch
Division of Radiation Protection
and Emergency Preparedness, NRR

FROM: Seymour H. Weiss, Director
Non-Power Reactor, Decommissioning and
Environmental Project Directorate
Division of Reactor Projects - III,
IV, V and Special Projects

SUBJECT: TECHNICAL ASSISTANCE REQUEST - UNIVERSITY OF CALIFORNIA AT
LOS ANGELES (UCLA) DECOMMISSIONING

Your assistance is requested in reviewing a letter dated January 11, 1990 from UCLA concerning a survey of shielding blocks that were removed from site during Phase I decommissioning of their non-power research reactor. Please comment on the validity of methods used and conformance to accepted health physics practice.

The requested completion date for this request is February 12, 1990. If you will be unable to meet this date, please notify Alexander Adams, Jr., x21121. All time spent on this review should be charged to the docket number and PA number 1141.

Original signed by:

Seymour H. Weiss, Director
Non-Power Reactor, Decommissioning and
Environmental Project Directorate
Division of Reactor Projects - III,
IV, V and Special Projects
