September 5, 2002

Calfrac Well Services Corporation
ATTN: Steve Dadge
Radiation Safety Officer
P.O. Box 1240
Platteville, CO 80651

SUBJECT: NRC FORM 241

This acknowledges receipt of NRC Form 241 dated September 3, 2002, and the \$1400 application fee, submitted to the NRC Region IV office to report proposed activities in NRC jurisdiction under the authority of the general license pursuant to 10 CFR 150.20.

Your agreement state license is recognized as valid for the proposed use of licensed material at well site locations owned or operated by ENCANA Oil and Gas (USA), Inc., located in the Rock Springs Area of southwest Wyoming.

Please be aware that working under reciprocity in NRC jurisdiction requires you to comply with NRC regulations, as described in 10 CFR 150.20.

Information submitted on NRC Form 241 must be specific regarding the location and dates of use. Since your reciprocity request is for an extended period of time, you are required to notify this office three days prior to each of the proposed generally licensed activities. However, given the nature of your licensed activities, the time requirements specified in 10 CFR 150.20(b)(1) for the filing of NRC Form 241 and any subsequent notifications may be waived, provided that you:

- a. inform this office by telephone or facsimile of activities or revisions to the information submitted on the initial NRC Form 241, and
- b. receive oral or written authorization for the activity(ies) from this office, and
- c. submit written confirmation and the check for the fee payment, if applicable, within 3 days after the notification.

The calendar year 2002 RTS reference number for this location is 000977. Please refer to this RTS reference number in any future communications regarding this location.

Please find enclosed an NRC signature copy of your NRC Form 241. We appreciate your cooperation. If you have questions concerning this letter or other aspects of working in NRC jurisdiction under reciprocity, please contact me at 817-276-6552.

Sincerely,

/RA/

Rachel S. Browder, Health Physicist
Nuclear Materials Licensing Branch

Enclosure: As stated
