Carmen Hooker Odom, Secretary

June 28, 2002

Ms. Kathy Helvay Gibson
 Chief, Emergency Preparedness and Health Physics Section
 US Nuclear Regulatory Commission
 Washington, DC 20555

Dear Ms. Gibson:

We are writing to request 750,000 doses of potassium iodide for distribution to North Carolina's resident and transient populations within the 10-mile Emergency Planning Zones (EPZ) of the four nuclear power plants in or adjacent to North Carolina.

The request for 750,000 doses is based on currently available Year 2000 data presented below and conservatively rounded up due to the substantive increase in population over the past two years.

10-Mile Emergency Planning Zone (EPZ) Population
 (Data from Individual Plant Emergency Evacuation Studies)

NUCLEAR POWER FACILITY	PERMANENT EPZ POPULATION	TRANSIENT EPZ POPULATION
McGuire Power Station (Duke Power)	132,000	15,600
Brunswick Power Plant (CP&L)	27,348	119,706
Harris Power Plant (CP&L)	31,000	10,000
Catawba Power Station (Duke Power-NC EPZ)	17,280	8,684
TOTAL EPZ POPULATION	207,628	153,990
ESTIMATED TOTAL KI DOSES (Total estimated population x 2 doses)	723,236	

The person designated to receive the potassium iodide for the State of North Carolina is our public health pharmacist, Amy Williams, Pharm.D. She may be reached via e-mail at amy.williams@ncmail.net or by phone at (919) 715-3338. The potassium iodide should be shipped to the following address:

North Carolina Department of Health and Human Services
Division of Public Health
Bath Building
306 North Wilmington Street
Raleigh, North Carolina 27611
Attn. Dr. Amy Williams, Public Health Pharmacist

If you have any questions regarding this request please contact Dr. Williams. In her absence, contact either Dr. Greg Smith at (919) 715-8179 or Dr. Steve Cline at (919) 715-6733.

Thank you for providing potassium iodide to the State of North Carolina. Its distribution to specific target populations will supplement the primary preventive efforts of early warning, evacuation and sheltering in our state's emergency response plan.

Sincerely,

Leah Devlin, D.D.S, M.P.H.
Acting State Health Director
Division of Public Health
NC Department of
Health and Human Services
