COMPLIANCE WITH ORDER FOR
INTERIM SAFEGUARDS SECURITY COMPENSATORY MEASURES FOR
DUANE ARNOLD ENERGY CENTER

Dear Mr. Collins:

On February 25, 2002, the U. S. Nuclear Regulatory Commission issued an Order that modifies the operating license for Duane Arnold Energy Center (DAEC) to require compliance with the specified interim safeguards and security compensatory measures.

The Order required certain actions be taken by the Nuclear Management Company, LLC (NMC) at DAEC within 20 days of issuance of the Order. DAEC submitted the 20-day response to the Order via letter dated March 18, 2002.

Item C.2 of the Order required DAEC report to the Commission when full compliance with the requirements described in Attachment 2 has been achieved. The enclosure to this letter contains the DAEC response. The enclosure to this letter does not contain safeguards information. All requirements of the Order were fully implemented on or before August 22, 2002.

Additional questions or clarifications associated with this submittal should be directed to Dr. M. P. Findlay, Director – Security, NMC at 715/377-3310. Documentation supporting implementation of the requirements of the Order are available for inspection at DAEC.

I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge. Executed on August 28, 2002.

Sincerely,

Mark A. Peifer
