Dear Mr. Collins:

DOCKET NOS. 50-282 AND 50-306
COMPLIANCE WITH ORDER FOR INTERIM SAFEGUARDS SECURITY
COMPENSATORY MEASURES FOR PRAIRIE ISLAND NUCLEAR GENERATING
PLANT, UNITS 1 AND 2

On February 25, 2002, the U. S. Nuclear Regulatory Commission issued an Order that modifies the operating license for Prairie Island Nuclear Generating Plant (PINGP) to require compliance with the specified interim safeguards and security compensatory measures.

The Order required certain actions be taken by the Nuclear Management Company, LLC (NMC) at PINGP within 20 days of issuance of the Order. PINGP submitted the 20-day response to the Order via letter dated March 18, 2002.

Item C.2 of the Order required PINGP report to the Commission when full compliance with the requirements described in Attachment 2 has been achieved. The enclosure to this letter contains the PINGP response. The enclosure to this letter does not contain safeguards information. All requirements of the Order were fully implemented on or before August 31, 2002.

Additional questions or clarifications associated with this submittal should be directed to Dr. M. P. Findlay, Director – Security, NMC at (715) 377-3310. Documentation supporting implementation of the requirements of the Order is available for inspection at PINGP.
