Dear Mr. Balestracci:

This concerns the subject application for an Amendment to your material license and our letters dated May 15, 2002 and July 3, 2002 in which we notified you that the application was deficient and that certain additional information was required. To date, we have not received any response to our letters.

It is our understanding that Megarad, Inc. has never possessed radioactive material since the license was issued in February 1999. Based on this information, you are hereby notified that unless within thirty (30) days from the date of this notice we receive the additional information requested, we will consider that you have abandoned your application and we will terminate your license. This action is without prejudice to the resubmission of a new license application.
