

PRIORITY ATTENTION REQUIRED MORNING REPORT - REGION IV SEPTEMBER 11, 2002

Licensee/Facility:

Energy Northwest
Columbia Generating Station
Richland, Washington
Dockets: 50-397
BWR/GE-5

Notification:

MR Number: **4-02-0001**
Date: 09/11/02

Subject: REORGANIZATION OF SENIOR MANAGEMENT TEAM

Reportable Event Number: N/A

Discussion:

On September 5, 2002, Energy Northwest announced the following reorganization of their senior management team. Mr. Dale Atkinson was named Vice President, Technical Services. In his new position, Mr. Atkinson will be responsible for construction and maintenance services, engineering, information services, performance assessment and regulatory services, program quality, and resources protection. Mr. Atkinson most recently served as engineering manager. Mr. Mike Humphreys was named engineering manager.

Mr. Rod Webring was named Vice President, Nuclear Generation. In his new position, Mr. Webring will be responsible for all work directly connected with Columbia Generating Station, including performance management, plant general manager, long-range planning, nuclear training and the Utility Services Alliance membership activities. Mr. Webring most recently served as Vice President, Operation Support/PIO.
