Dear Mr. Rathbun:

A constituent, Mr. Kevan Crawford of 3781 South 3145 East, Salt Lake City, Utah 84109, has contacted me for assistance obtaining some documents held by the Nuclear Regulatory Commission. Below is a list of documents he has asked my office to help provide. I am anxious to help resolve this issue quickly and would greatly appreciate any help the NRC could provide.

- All USNRC Notice of Violations issued to Idaho State University from 1994-present
- All Annual Operating Reports for Idaho State University from 1991-present
- Any Idaho State University 10CFR50.59 Safety Reviews on or after the date of initial licensing of the nuclear reactor at Idaho State University
- Idaho State University Reactor Operations Log, including checkout sheets and sample irradiation entries from Idaho State University's 1993 investigation and inspection for the dates March 3, 1992, May 21, 1992 and June 4, 1992
- Voice recording of a February 15, 1993 conference call between Marvin Mendonca, Blaine Murray, and Kevan Crawford concerning the Idaho State University nuclear reactor

You may send the materials directly to Mr. Crawford or to my office. Should you have any questions, please contact Jeffrey Merchant in my district office at (801) 524-4394 or 125 South State Street, Room 2311, Salt Lake City, Utah 84138.
