In the Matter of
PACIFIC GAS & ELECTRIC COMPANY
(Diablo Canyon Power Plant Independent Spent Fuel Storage Installation)
ASLBP No. 02-801-01-ISFSI

Dear Administrative Judges:

It has come to our attention that there were several incorrect entries in the Certificate of Service that accompanied the "Response of NRC Staff to Request of Port San Luis Harbor District to Participate as of Right under 2.715(c)," filed yesterday in this proceeding. Specifically:

We did not indicate by a double asterisk (**) that James B. Lindholm, Jr., Esq.; Robert K. Temple, Esq.; Thomas D. Green, Esq., and Thomas D. Waylett, Esq. were to be provided copies via e-mail, as well as service through the United States mail.

We incorrectly indicated that the Atomic Safety and Licensing Board Panel and Seamus M. Slattery were receiving an e-mail copy of the Response.

We are filing a corrected Certificate of Service with this letter. We will also e-mail copies of the Response today to the correct recipients. Regarding e-mail service in this proceeding, the NRC staff has consistently been unsuccessful in using the e-mail addresses provided by Klaus Schumann and Mary Jane Adams, and Seamus M. Slattery. Any document e-mailed to them has consistently resulted in a notice of undeliverability. We wished to call this to the attention of Messrs. Schumann and Slattery and Ms. Adams, as well as to the other parties. We will discontinue for the present attempting to e-mail these participants, but will continue to serve them through the United States mail. If there is something incorrect in the e-mail addresses we have been using, we would appreciate Messrs. Schumann and Slattery and Ms. Adams notifying us of the correct e-mail addresses.

Staff Counsel apologizes for these errors, and trusts that any delay in any participant's receipt of the Response will not have been a significant inconvenience.

Sincerely,
