DOCKET NO. 50-395  
OPERATING LICENSE NO. NPF-12  
RESPONSE TO ISSUANCE OF LETTER ON STORAGE OF CLASSIFIED  
INFORMATION (REVISION 1)

In response to the August 7, 2002 letter on the Storage of Classified Information, Virgil C. Summer Nuclear Station (VCSNS) has discussed the following with the NRC Resident Inspector:

- The NRC Resident Inspector's office is equipped with a combination safe,
- A cross-cut shredder will be purchased by the NRC, and
- A small two-drawer security container, purchased by the NRC, will be located inside the protected area within an NRC controllable area.

VCSNS personnel will not move this security container or attempt to gain access to it without permission from the NRC, and if the container is found unlocked and unattended, VCSNS will immediately notify the resident inspector or the NRC Headquarters Operations Officer and guard the contents of the container until NRC personnel are present.

Should you have any questions, please call Mr. Les Hipp at (803) 345-4705.

Very truly yours,

  
Stephen A. Byrne
