SUBJECT: NRC FORM 241

Mr. Eckberg:

This acknowledges receipt of your NRC Form 241 dated July 22, 2002, submitted to the NRC Region IV office to report proposed activities in NRC jurisdiction under the authority of the general license pursuant to 10 CFR 150.20.

Your Agreement State license is recognized as valid for the proposed use of licensed material at the locations listed on your Form 241, and attachments, if any.

The calendar year 2002 RTS Reference numbers for your proposed locations of work are:

RTS Reference Number	Proposed Location of Work
000905	Four Lakes in Sawtooth Mountains of Idaho

Please refer to the appropriate RTS Reference number in any future communications. You must make changes to the initial NRC Form 241, please provide those changes to this office, when you propose to add locations of work, add or delete dates of work, change work site contacts, use different radioactive materials, or elect to perform additional work activities within NRC jurisdiction.

Please be aware that working under reciprocity in NRC jurisdiction requires you to comply with NRC regulations, as described in 10 CFR 150.20.

Information submitted on Form 241 must be specific regarding the location and dates of use. Since your reciprocity request is for various locations over an extended period of time, you are

required to notify this office three days prior to each of the proposed generally licensed activities. However, given the nature of your licensed activities, the time requirement specified in 10 CFR 150.20(b)(1) for the filing of NRC Form 241 and any subsequent notifications has been waived, provided that you:

- A. Inform this office by telephone or facsimile of work activities or changes to the information submitted on the initial NRC Form 241, and
- B. Receive oral or written authorization for the activities from this office, and
- C. Submit written confirmation and the check for the fee payment, if applicable, within 3 days after the notification.

Please note, all notifications of work activities or changes to the information submitted on the initial NRC Form 241 must include, at a minimum, the following information: licensee name, agreement state license number, location of work, dates of work, and the signature of the RSO or designee.

Enclosed is an NRC signature copy of your NRC Form 241. We appreciate your cooperation. If you have questions concerning this letter or other aspects of working in NRC jurisdiction under reciprocity, please contact me at 817-860-8187.

Sincerely,

/RA/
