Subject: TAC MB5549

Peter:

On July 5, 2002 you provided me the subject TAC number for a planned submittal regarding NMP Unit 1 recirculation system piping welds. The TAC number can be cancelled. The letter as submitted (NMP1L 1673 dated September 13, 2002 - you may not have received it yet) does not request any NRC action. I apologize for any inconvenience this may cause.

Dennis Vandeputte
