SUBJECT: CERTIFICATE OF COMPLIANCE NO. 9235, REVISION 4

Dear Mr. Thompson:

As requested by your application dated November 8, 2000, as supplemented, enclosed is Certificate of Compliance (CoC) No. 9235, Revision No. 4, for the Model No. NAC-STC spent nuclear fuel transportation package. The staff's Safety Evaluation Report is also enclosed. This certificate supersedes, in its entirety, Certificate of Compliance No. 9235, Revision No. 3, dated August 8, 2001. Changes made to the enclosed certificate are indicated by vertical lines in the margin.

The staff had committed to issuing the certificate and the Safety Evaluation Report by July 31, 2002. However, unanticipated application supplements (dated July 8 and August 23, 2002) resulted in milestone delays.

There are no registered users of the package under the general license provisions of 10 CFR 71.12 or 49 CFR 173.471. The package authorized by this certificate is approved for use under the general license provisions of 10 CFR 71.12 or 49 CFR 173.471. The approval constitutes authority to use the package for shipment of radioactive material and for the package to be shipped in accordance with the provisions of 40 CFR 173.471.

If you have any questions regarding this certificate, please contact me or Steven Baggett of my staff at (301) 415-8500.

Sincerely,
