ALL AGREEMENT STATES
MINNESOTA, PENNSYLVANIA, WISCONSIN

TRAINING COURSE LIST FOR FISCAL YEAR 2003 (STP-02-070)

The Nuclear Regulatory Commission (NRC) staff has updated the list of courses for fiscal year 2003 that directly relate to the Agreement State programs (Enclosure 1). The list includes the tuition costs for those courses taught by contractors. The State is responsible for the travel and per diem expenses and tuition costs, as listed, if they wish to reserve a space in a specific course. Otherwise, State staff may attend on a space available basis. If no designation is noted on the application form, we will consider the application as a space available application.

We have also enclosed the standard application form (Enclosure 2). Please complete the application form for each person attending a course and submit it to the Office of State and Tribal Programs (STP), ATTN: Brenda Usilton. Applications may be submitted at any time; however, applications should be received by STP a minimum of at least eight (8) weeks prior to the beginning of the course. The decision to hold or cancel the course will be made at that time. Applications received after the eight week deadline will be considered if there is a cancellation by one of the students selected. This will be the case for paying applicants as well as space available applicants.

The complete list of all technical training courses can be viewed on the STP Home Page under Technical Training. If there is a "TBD" listed beside a course that means no date was known before issuing this letter. When we get the date for these courses, it will appear as an update under "What's New" on our homepage. All changes to the course schedule will be noted on the "What's New" area of the Home Page for a period of time. Changes for technical training courses will be made on the individual course descriptions and schedules. If you have any questions about a course schedule or contact, please consult the STP Home Page.

If you have any questions regarding this correspondence, please contact me or the individual named below.
