Office of State and Tribal Programs
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Dear Mrs. Piccone:

Attached to our letter dated September 25, 2002 concerning our proposed regulations is a copy of the Nebraska Administrative Code (NAC) Regulations for the Control of Radiation, Title 180 which includes Chapters 1, 3, 4, 5, 7, 8, 9, 10, 13, 14, 15, 17 and 19. They were final July 22, 2001 and also included the proposed revisions as stated in the letter dated September 25, 2002. I am attaching Chapters 12 and 18 that were final July 22, 2001 but not included in the proposed regulation letter. The final regulations correspond to the following equivalent amendments to NRC's regulations: RATS ID # 1993-1, 1993-2, 1994-3, 1995-1, 1995-6, 1995-7, 1996-3, 1997-3 and 1998-6.

We believe that adoption of these revisions satisfies the compatibility and health and safety categories established in the Office of State and Tribal Programs (STP) Procedure SA-200.

If you have any questions, please feel free to contact me at 402-471-0928 (marysue.semerena@hhss.state.ne.us) or Trudy Hill of my staff at 402-471-0560 (trudy.hill@hhss.state.ne.us).
