Dear Ms. Voltura:

Please find enclosed the draft of the State of Nevada Nuclear Waste Project Office Compliance Demonstration Report. This document is a companion document for our Quality Assurance Manual. It demonstrates how our Manual complies with the necessary requirements or gives justifications for decisions not to comply with certain ones. It should help you in reviewing our Manual.

If you have any questions, please give me a call.

Sincerely,

A handwritten signature in cursive script that reads "Susan W. Zimmerman".
