Mr. Gregory M. Rueger
Senior Vice President, Generation and
Chief Nuclear Officer
Pacific Gas and Electric Company
Diablo Canyon Nuclear Power Plant
P.O. Box 3
Avila Beach, CA 93424

SUBJECT: DIABLO CANYON NUCLEAR POWER PLANT, UNIT NOS. 1 AND 2 - REPLY
TO RESPONSE TO ORDER FOR INTERIM SAFEGUARDS AND SECURITY
COMPENSATORY MEASURES (TAC NOS. MB4121 AND MB4122)

Dear Mr. Rueger:

On February 25, 2002, the U.S. Nuclear Regulatory Commission (NRC) issued an Order modifying the operating license for the Diablo Canyon Nuclear Power Plant (DCPP), Units 1 and 2, to require compliance with the specified safeguards and security interim compensatory measures (ICMs).

The NRC staff's letter of May 16, 2002, addressed your earlier response to the Order and granted, in response to your request, an extension of time until May 31, 2002, for your submission of the required response for ICMs B.2.a and B.2.b.

The NRC staff has reviewed your responses to ICMs B.2.a and B.2.b, submitted by your letter of May 31, 2002, and finds that you have satisfied the current reporting requirements of the Order. This finding, regarding satisfaction of the reporting requirements of the Order, does not represent a finding on the adequacy of your implementation of ICMs B.2.a and B.2.b. As stated in our letter dated May 16, 2002, the NRC will determine the effectiveness of your implementation of the ICMs through on-site inspections. Your letter dated August 30, 2002, reported that you had completed all actions required to comply with the Order.

Please contact Mr. Girija Shukla, Project Manager for DCPP at 301-415-8439, if you have any questions.

Sincerely,

/RA/

John A. Zwolinski, Director
Division of Licensing Project Management
Office of Nuclear Reactor Regulation
