Subject: **GE Request for Withdrawal of Proprietary Information from Public Disclosure Peach Bottom Atomic Power Station Unit 2 & 3 (TAC Nos. MB5192 & 5193)**

Exelon, in the referenced letter, submitted Revision 1 to NEDC-33064P, *Safety Analysis Report for Peach Bottom Atomic Power Station Units 2 & 3 Thermal Power Optimization (TSAR)*, which supports a request for a power uprate. A proprietary and a non-proprietary version of the TSAR were provided. GE, as the owner of Revision 0 of this information, requests that Revision 0 of both of the TSARs be withdrawn.

If you have any questions, please contact Ed Schrull at (408) 925-2224 or myself.

Sincerely,

George Stramback
