comments: This is for Michael Lesar, chief, Rules review and directives branch, division of administration services, office of administration: I am a citizen of Smith county , Tn who is very much against the opening of the Hartsville plant by LES. I live less than six miles down wind of thew plant and will be moving out of this county should the Hartsville plant open as a uranium enrichment facility. I will be protesting very aggressively against LES and any license issues by the federal government . Thank you,JohnC.Olsen 94 Frog branch Road, Pleasant Shade Tn 37145 (615-) 677-6313
