Security Plan Revisions
Point Beach Nuclear Plant, Units 1 and 2

On August 1, 2002, Revision 1 of the Nuclear Management Company, LLC (NMC) Security Safeguards and Contingency Plan was submitted to the NRC. The plan contains an appendix specific to Point Beach Nuclear Plant (PBNP). The revision involved changes to Chapter 4.0, Protected Area Access. Following further consideration, NMC has decided to withdraw that revision. Enclosed Revision 2 formally withdraws the Revision 1 by reverting to the language contained in Revision 0.

On August 2, 2002, Revision 1 of Chapter 3.0 Picture Badge and Biometric Systems, was submitted to the Commission. The enclosed Revision 2 clarifies our intent regarding issuance of badges that may become unavailable and does not restrict issuance of replacement picture badges to those that have only been lost or damaged.

We apologize for any inconvenience these changes may have caused. If there are questions associated with these revisions, please contact Ms. Joan McCullum of our security staff at 920755-6373.

The subject matter of the enclosure to this letter is safeguards information and is considered to be exempt from disclosure in accordance with 10 CFR Parts 2, 50, 70, and 73. When separated from its enclosures, this document is not safeguards information.

Sincerely,
